## NURSERY STOCK

---

## LOUISVILLE NURSERIES

ST. MATTHEWS, KY.

## INTRODUCTION

In issuing this new catalogue, our first thought is one of thanks and appreciation to our customers whose faithful patronage we appreciate very highly, and who have been such a large factor in making our nurseries a success. It is also a booklet of information and a guide to people who may not as yet be acquainted with us. We are located one mile east of St. Matthews on the Shelbyville Pike. LaGrange and Shelbyville Interurban cars pass our stop, Arterburn Station every half-hour. Visitors "are welcome any day," except Sunday, between the hours of 7 a. m. and 5 p. m.

## HOW TO ORDER

### PRICES

Prices in this catalogue cancel all previous quotations. **Plant stock selected by customers at our Nurseries will be charged for according to their value, irrespective of price in this catalogue.** The prices in this list include all packing charges, with the exception of ever-greens, which if shipped any distance will, on account of their weight, have to be packed in strong boxes. For these we will charge cost price.

### TERMS

Customers unknown to us should remit with order by check, draft or money order. For the convenience of some of our customers who are known to us or who can furnish satisfactory references we are willing to open up a charge account. All bills rendered are due **30 days net**. No new accounts opened less than \$10.

### DELIVERY

To customers in and around Louisville we will deliver free of charge with our own trucks. Distant orders will be carefully packed and delivered to the freight or express office. All express or freight charges to be paid by the customer. Goods after being delivered to the railroad station will travel at the risk of the purchaser. Claims for damage while in transit must be made to the respective carrier.

### LANDSCAPE SERVICE

We maintain a very efficient Landscape department, that will take care of large as well as smaller plantings. If in doubt about what to plant and where to plant let us know about your trouble and we will send one of our experienced Landscape Architects to talk the matter over with you. We make a specialty of developing new places and will be glad at all times to furnish you with plans and blue prints at a nominal cost.

### NON-WARRANTY

If any nursery stock, plants, bulbs or seeds sold by us should prove untrue to name under which they are sold, or if said plant materials are delivered to the transportation company (including shipments by U. S. Mail) in an improper condition, we hereby agree, on proper proof of such untruthfulness to name or of such improper condition, to replace such plant material as originally ordered, or to refund the purchase price, at our option. Except for such liability, in respect to all said plant materials sold by us, we give no warranty or undertaking, express or implied, as to description, quality, growth productiveness or any other matter.

Elizabethtown, Ky., 11/24/22.

Louisville Nurseries,  
St. Matthews, Ky.  
Kind Sirs:

Am enclosing check for invoice bill. Thank you for sending such nice bulbs. Our sale was a great success, this being our first venture at fall flowers.

We have an annual spring sale and shall be glad to have your catalogues and prices in season.

Respectfully,

MRS. J. R. SELBY.

Louisville, Ky., 11/27/22.

Louisville Nurseries,

St. Matthews, Ky.  
Gentlemen:

Mr. Shelby ordered hedge from you, as everyone thinks our hedge we got from your folks two years ago is fine. So many are planning to send to you. Mr. Ira Howard, the banker, also says he wants a hedge right away. We are very proud of ours. It is in the center of town so it will help the sale of your hedge. We take extra care of it. Thanking you, I am

Yours very truly,

EMMA KNECHTLY.

Dear Sirs:

I received the shrubs in good condition and they are all very nice, for which let me thank you. I like your shrubs very much; I think they are nicer than what I get from other places.

Yours truly,

MRS. LOLA Y. MANSFIELD.
